

With many colour and black and white illustrations, this 148 page book will appeal to a wide audience. It describes the traditions of the Ngadjuri such as language, territory, Dreaming stories, animal and plant foods as well as customs. There are many photographs and descriptions of rock art and an archaeological study.

Contact between the early European settlers and Ngadjuri is depicted partly through a range of quotations from old documents as well as archival photographs. More recent history is told through oral histories recorded with Ngadjuri descendants.

A drama script provides an empathetic way for readers to act out Ngadjuri history with others, whether in a school or community group. Genealogies (family trees) are included which show there are many people with Ngadjuri ancestors.

Ngadjuri book authors and community, from left: Adele Pring, Josie Agius, Vince Copley, Irene Agius, Fred Warrior, Sue Anderson and Fran Knight. Photo by Robert Hannaford 2000.

Downloads of Ngadjuri learning activities for early, primary, middle and senior years are available at www.aboriginaleducation.sa.edu.au
